SUMMARY OF TELEPHONE INTERVIEW

Applicant's attorney, Thomas J. Frame (Reg. No. 47,232), conducted a telephonic interview with Examiner Richard Sukyoon Woo on October 7, 2004. Applicant submits this summary of the telephonic interview to record Applicant's understanding of the substance of the interview. If Applicant's understanding is inaccurate, notice of such is appreciated.

Applicant thanks the Examiner for the courtesy and opportunity to conduct the telephonic interview. During the interview, the Examiner and Applicant's Attorney discussed the Examiner's rejections of Applicant's claims. The Examiner and Applicant's attorney agreed on an Examiner's amendment. The Examiner indicated that the reason for

this amendment was that the “electronic processing environment” limitation of the pending claims encompasses the other processing environments, which were identified in the previous amendment. The “electronic processing environment” also covers additional processing environments, which are fully supported by Applicant’s specification. Hence, Attorney for Applicant and the Examiner concluded that such language in the claims associated with additional processing environments is superfluous. It is Applicant’s current understanding that the pending claims are now in condition for immediate allowance. Notice to this effect is respectfully requested.

Respectfully submitted,
